health systems across the world face multiple pressures input costs are soaring systems are struggling to keep up with increasing demand for their services and areas of the world still lack universal health coverage all of this whilst health inequalities between the best and worst off within countries persist and in some countries are even widening there is a need to think of new initiatives in response to these global health challenges one such response is social finance social finance is about creating social returns this innovative and rapidly growing sector promotes new ways of banking and funding social and public services however social finance has an under recognised and potentially underexploited role in responding to specific aspects of global health challenges

funding and facilitating access to health care services and acting on health the objectives of this book are to conceptualise and evidence different forms of social finance microfinance and impact bonds acting in these ways and to critically engage with current debates and challenges with such evidence to hand we can either avoid adoption of new trends in financing public services or more hopefully attract greater policy support and resources for new tools for public health and in supporting more precarious but potentially essential parts of the finance sector this book will be essential reading to students researchers policymakers and the general public alike who are interested in or who work in and across health systems and social finance

those who advocate the traditional maximize shareholder value goal of the firm will find that position clearly presented in the 9th edition in addition to critical arguments for and against it those who advocate a multiple stakeholder approach will see that view fairly presented as well in addition to the criticisms of this approach the financial effect of the world wide covid pandemic is examined in this 9th edition both shareholder capitalism and stakeholder capitalism are critically evaluated should a company's impact on climate change be considered when corporate decisions are made if so is this a matter of self interest a desire to also consider the interests of stakeholders who are not shareholders of the firm or both the 9th edition addresses these questions there are special forms of business organization that have an explicit social welfare purpose we covered the state chartered benefit corporation and b lab certified corporation in 8e in 9e the low profit limited liability company l3c has been added business schools everywhere are emphasizing in their marketing communications their contributions to society perhaps your business school has communicated about sustainable business practices and the triple bottom line of profit people and planet finance is a discipline that has not been a significant part of these conversations it is our view that finance needs to take part but in a way that is true to our discipline ignoring these issues as most books in this market do is not the answer

essentials of us politics and government is the latest book in the essentials of series for a level politics which maps on to the edexcel specification it covers all the knowledge required to tackle paper 3 of the a level united states politics as well as comparative us uk politics author andrew colclough is head of politics at an independent school in oxford and a team leader examiner at edexcel so brings a wealth of experience in supporting both students and teachers all of the core chapters in the book are organized around the series signature key debates feature which explain the vital arguments with supporting evidence clearly and concisely these aid students in constructing persuasive arguments in their essays summary tables at the end of each debate ideal both to gain a quick overview of the topic and as a tool for revision the book also offers an abundance of contemporary political
